# 1. General Information Exam

Passing the SVH Wine 2 exam means the industry acknowledged diploma SVH Wijn 2 has been acquired.

The SVH Wine 2 exam is based on the requirements SVH has recorded in the industry. These requirements have been formulated into the final terms SVH Wijn 2. The final terms can be found on [www.svh.nl](http://www.svh.nl). For the exam, the SVH Exam Regulations ([Examenreglement SVH](#)) is applicable. The Examination Committee sets, in accordance with the SVH Examination Regulation, the norms for passing the SVH Wine 2 exam.

## 1.1 Identification

Before the start of the exam, you must identify yourself to the exam supervisor with a valid identification document. For more information about identification documents, see the SVH Examination Regulation. If you cannot identify yourself in the prescribed manner, you will not be allowed to participate in the exam. The exam will only start after all candidates have identified themselves.

## 1.2 Admission Requirements

There are no admission requirements for participating in the SVH Wine 2 exam. Adjusted rules apply for taking the exam if you are underage. Your trainer is obligated to report this when he or she requests the exam. Please inform your trainer in time.

## 1.3 Result and Diploma

The results and diplomas are sent to the trainer no later than ten working days after the exam day.

# 2. Exam SVH Wine 2

The exam consists of 46 multiple-choice questions and has a time-limit of 45 minutes. Each multiple-choice question has three answer options.

Question 1 through 6 are organoleptic questions. To answer these, two red wines and two white wines will be served. Question 7 through 46 are theory questions and relate to the assumed knowledge of the final terms.

You may decide in which order you want to answer the exam questions. Due to the temperature of the wine, SVH advises answering the organoleptic questions first.

No additional wine will be poured. In addition to the wines, there is a glass of water and a spittoon ready at your exam table. Water can be refilled upon request.

## 2.1 Pass Mark and Critical Requirements

To pass the exam, you must answer at least 28 exam questions correctly.

If you pass the exam, you will receive the SVH Wijn 2 diploma. If you are rejected for the exam, you will have to retake the entire exam.

This exam has the following critical exam requirement:

- at least two of the organoleptic exam questions (question 1 through 6) must be answered correctly

The critical exam requirement must be met in order to pass the SVH Wine 2 exam. If you do not meet the critical exam requirement, you have not passed the exam, regardless of your score on the other exam questions.
